

The IDF Association Ambulance Fundraiser / Unity

Dear Friends: Your outpouring of support for Israel at this time has helped our soldiers and communities persevere in the fight for our lives and for Israel's existence. We have no words to express our heartfelt gratitude for your unwavering dedication and immediate response. As we comfort the shattered families burying their loved ones, we deeply cherish your commitment to stand with us.

The Need: What we need now is the ability to respond instantaneously to our troops. We need ambulances that are fully equipped with medical trauma-care equipment. The Cost is \$162,500. The IDF's military ambulances provide emergency medical care in time of war, operations and in training. They are responsible for the evacuation of casualties in serious situations that require continued treatment and monitoring .
