

“With fewer and fewer Holocaust survivors in our midst to share their own stories, the responsibility to remember is becoming a collective endeavor...”

Hitkansut: A South Bay Ritual Gathering for Yom Hashoah

May 5th | 7pm | Congregation Sinai

This year’s ceremony will be new, weaving together literary texts, testimonies, prayer, music, and moments of silence. Designed for participants of all ages and based on a program of the Hartman Institute, it will be led by members from across our Silicon Valley Jewish community, including children, survivors and their descendants, and clergy.

CHAIM, a Holocaust memorial and educational exhibit, will be open in the Congregation Sinai foyer from April 12 through May 12.
